AGENDA REPORT

Meeting Date: October 24, 2022

Meeting Type: City Council Conference Meeting

Submitted By: Melissa Moore, City Clerk/Communications Manager

Title

Recodification Update

Background

Pursuant to Minnesota Statute § 415.02 and Fridley City Charter (Charter) § 1.02, the Fridley City Council (Council) may codify and publish ordinances that carry the force and effect of law for the City of Fridley (City), which may be arranged into a system generally referred to as the Fridley City Code (Code).

On August 23, 2021 the Council authorized and directed efforts related to recodification of the Code by adopting Resolution No. 2021-67. Following the process established by the City Manager for revising each chapter of the Code, staff are prepared to offer an update to the work being done on Title 3 (Health, Safety, and Welfare) of the Code.

Public Meetings

As in 2022 the Council established pre-planned Conference Meeting dates at which it would receive an update on recodification from staff. The following dates are proposed for 2023:

- January 23
- March 27
- May 22
- July 24
- September 25
- November 27.

Process Review

When approved by the Council, recodification was expected to take approximately three years to complete. Just over one year into the project, the City has completed the first two titles (General Provisions and Administration). With the benefit of time and experience, the Clerk's Office has plans to evaluate the project's processes to look for any potential process improvements. The Clerk's Office is working to create surveys of staff collaborating on recodification to gauge the project's successes and areas for improvement. Process improvements will be collaborated on and implemented. Continuous training of staff will also be addressed in such areas as writing style, document formatting, research best practices, etc.

Vision Statement

We believe Fridley will be a safe, vibrant, friendly and stable home for families and businesses.

Title 3 Update

In July the City Clerk's Office began coordinating with staff from the Community Development, Public Safety, Public Works, and City Manager's Office to begin work on the chapters of Title 3. Staff are reviewing State and federal laws, analyzing comparative city codes, consulting advisory opinions and legal reviews pertaining to all chapters in Title 3.

Chapters to be reviewed in Title 3 are:

- | | | |
|-----------------------------------|-----------------------------------|---|
| – Drugs and Paraphernalia | – Civil Defense | – Liquor Consumption and Display |
| – Barbiturate Drugs | – False Alarms | – Animal Control |
| – Glues and Related Substances | – Public Safety Department | – Boats and Watercraft |
| – Codeine Drugs | – Curfew | – Snowmobiles |
| – Disposition of Certain Property | – Fire Prevention | – Public Sanitation Facilities |
| – Sexually Oriented Businesses | – Dangerous Weapons | – Air Quality and Solid Waste |
| – Trespass on Private Property | – Fire Department Service Charges | – Solid Waste Disposal and Recycling Collection |

At this time staff are prepared to present the Council with a draft of a new chapter to the Code titled Drugs, Paraphernalia, and Prohibited Substances (Exhibit A). Minnesota Statute Chapter 152 addresses controlled substances in a very thorough manner and is the chapter of State law most typically cited by Police Officers when issuing violations.

As required by the City's Recodification Style Guide, § XX.01 is a purpose statement followed by § XX.02, which adopts definitions found in State law. Section XX.03 outlines what acts are prohibited by the Code:

- § XX.03 (1) is a comprehensive way to prohibit the same controlled substances or behavior already addressed by State law;
- § XX.03 (2) prohibits drug paraphernalia and injection devices;
- § XX.03 (3) updates the Code's language to require people to keep prescription drugs in their original containers;
- § XX.03 (4) addresses glues and inhalants used as a controlled substance;
- § XX.03 (5) prohibits the possession of substances listed in § XX.03 (4); and
- § XX.03 (6) restricts retail establishments from selling any products listed in § XX.03 (4) from a self-service display.

Section XX.04, Penalties, is standard language found in other chapters of the Code.

This new proposed chapter would replace the four chapters of the Code dealing with controlled substances:

- Chapter No. 117, Drugs and Paraphernalia (Exhibit B);
- Chapter No. 118, Barbiturate Drugs (Exhibit C);
- Chapter No. 119, Glues and Related Substances (Exhibit D); and
- Chapter No. 120, Codeine Drugs (Exhibit E).

Staff recommend repeal of these four chapters.

Vision Statement

We believe Fridley will be a safe, vibrant, friendly and stable home for families and businesses.

Chapter 102 of the Code (Public Safety Department) is proposed to be removed (Exhibit F). The Chapter creates the Public Safety Department for the City, describes its roles, responsibilities, organizational structure, and creates the role of Director of Public Safety. Reasons for staff's recommendation for repeal include:

- No other department in the City is created by ordinance for placement in the Code;
- There is no requirement in State law or the Fridley City Charter that creating such a department must be done by ordinance;
- M.S. § 12.25 requires each city to establish an organization for emergency management, but does not direct how a city must go about doing so; and
- Creating such administrative departments, or structure of the City via ordinance, is not the most efficient or cost-effective method.

Exhibit G is a sample resolution created by the Clerk's Office that the Council could consider adopting that essentially does the same function as Chapter 102. Repealing this chapter and adopting a similar resolution would have no bearing on the role, status, structure, authority, or budget of the Public Safety Department.
