7. Resolution No. 2023-22, Approving Ordering of Advertisement for Bids for Moore Lake Park Site Improvements Project.

Jim Kosluchar, Public Works Director, stated that at the last meeting, Council approved the plans and the ordering of bids for the community building. He explained that this action would be to authorize bidding for the corresponding site improvements. He provided details on the estimated project cost, bidding method, additional work, and schedule.

The Council asked for details on the date the park would be closed and whether any programming or events would be moved to another location. There was a question of why the lighting and security were not included in this bid package. Mr. Kosluchar estimated that the park would be closed in early June, noting that those details would be finalized once the contractor is on board. Mike Maher, Parks and Recreation Director, stated that typically there are shelter reservations at the park, but staff has not accepted any reservations because of the anticipated construction. He noted that there have not been any activities or programming planned this year but are excited to program for the site in 2024. He also provided details on the reservation process for other shelters. Mr. Kosluchar commented that staff would be selecting the lighting and security for the site. It was noted that decision was not made on the basis of cost savings, but because of the knowledge staff has on those matters and to ensure compatibility with the existing systems used by the City in other locations.

The Council noted that this is an exciting start to the park improvement plan implementation.

Wally Wysopal, City Manager, asked if the turf restoration would delay the opening of the park. He also asked if the aerator would be returning. Mr. Kosluchar commented that there will be a lot of turf restoration and plantings, but perhaps the north side could open sooner than the south side. He stated that the aerator would not return but they are looking into alternative options for the next season. He noted that the DNR was involved in the decision to remove the aerator.

Motion made by Councilmember Evanson to adopt Resolution No. 2023-22, Approving Ordering of Advertisement for Bids for Moore Lake Park Site Improvements Project. Seconded by Councilmember Tillberry.

Upon a voice vote, all voting aye, Mayor Pro Tem Ostwald declared the motion carried unanimously.

3. Approval of HRA Resolution No. 2023-03, Increasing Interest Rate on Non-Deferred Home Improvement Loans

Paul Bolin, HRA Assistant Executive Director, provided background information on how the interest rate has been set for non-deferred improvement loans. He noted that in 2018 the interest rate was set at two percent, but since that time interest rates have increased in the market noting that interest rates on MHFA loans now range between 5.75 and 6.85 percent. He stated that staff recommends that the interest rate be increased from two percent to four percent, effective March 1, 2023.

Motion by Commissioner Brueggemeier to approve HRA Resolution No. 2023-03, Increasing Interest Rate on Non-Deferred Home Improvement Loans. Seconded by Commissioner Backlund.

Upon a voice vote, all voting aye, Chair Showalter declared the motion carried unanimously.

4. Approval of HRA Resolution No. 2023-04, Approving Purchase of 1340 Mississippi Street N.E.

Mr. Bolin provided background on the properties the HRA has purchased in the proximity of Mississippi and Old Central. He stated that 1340 Mississippi is now available for purchase by the HRA. He stated that this property, combined with the other HRA owned properties would provide over three acres of contiguous property in that corner.

Commissioner Schwankl asked if this would be the time to remove the existing structures from the properties.

Mr. Bolin commented that staff is still attempting to negotiate with properties to the south. He stated that once they demolish buildings on the properties, the timeclock would start for the TIF district.

Commissioner Brueggemeier asked if there are any plans for development.

Mr. Bolin commented that during the last Comprehensive Planning process a definite plan was not decided upon but if the larger land area is acquired, patio homes could be developed. He estimated that if the southern parcels were acquired about 15 or 20 patio homes could be built. He stated that there will be a number of joint meetings between the HRA and City Council to decide on what should be developed on the property.

Commissioner Backlund believed that there were homes on the two vacant parcels to the south.

Mr. Bolin commented that those sites have not been developed. He stated that there was previously construction material on those sites as they had been used as dump sites in the past.

Motion by Commissioner Backlund to approve HRA Resolution No. 2023-04, Approving Purchase of 1340 Mississippi Street N.E. Seconded by Commissioner Brueggemeier.

Upon a voice vote, all voting aye, Chair Showalter declared the motion carried unanimously.

5. Approval of TIF Assistance – Roers Companies' Redevelopment of Moon Plaza

Mr. Bolin stated that at the last meeting, the HRA reviewed and provided comments on the redevelopment proposal from Roers Companies for Moon Plaza. He stated that the HRA also received some information on the TIF assistance request that would come back to the HRA. He stated that tonight the HRA will consider the formal request for TIF Assistance.

Jessica Green, Development Consultant, presented information on the proposed establishment of TIF District 26 and the TIF Plan. She also provided information on the project site and the proposed boundaries of the TIF District, noting that two parcels would be included in the boundary. She provided

background information on Tax Increment Financing (TIF), how that is used to support development, as well as specific information on the TIF that would be generated by this site. She reviewed the budget for the TIF District as proposed in the TIF Plan. She also reviewed the terms for assistance to the developer, which is the next action before the HRA. She stated that based on current market conditions, the project as proposed would not happen solely through private investment in the foreseeable future.

Chair Showalter stated that at the last meeting she had asked if a portion of the units could be available at a lower rate and asked if the developer has considered that request.

Mr. Bolin noted that eight units would be available for those at 30 percent AMI. He noted that has always been part of the plan.

Shane LaFave, Roers Companies, stated that in the last month they received an award of tax-exempt bonds from the state. He commented that typically they are not awarded until the second or third application, but this was their first application, which can be indicative of less projects happening because of higher interest rates and construction costs. He stated that this project can move forward in the timing they had hoped. He stated that the vast majority of the units would be available at 60 percent AMI, with the identified number of units at 30 percent AMI. He stated that they did review the opportunity to lower the AMI on more units, but they were not able to reach the numbers they would need to receive financing.

Commissioner Brueggemeier commented that it would seem if more units were offered at 50 percent AMI, the 30 percent AMI units would not be available.

Mr. LaFave confirmed that it is a mix and match as long as the same level of income is provided in the end.

Chair Showalter asked the increase in gap of what would make financial sense to add more lower AMI units.

Mr. LaFave stated that he did not have a per unit cost. He stated that if the desire were for ten percent of the units to be lowered to 50 percent AMI, he would estimate \$600,000 to \$1,000,000 would be needed to fill that funding gap.

Chair Showalter commented that information is helpful and thanked the applicant for the additional information.

Commissioner Backlund asked the confidence level of this planning being accurate.

Mr. LaFave commented that most of their costs have been pretty vetted as they know the acquisition cost and have had their plans bid to expect construction costs. He stated that they have built similar projects in this area recently as well with the same contractor. He stated that they have a high level of confidence that the numbers are accurate and achievable, noting that they would look to begin construction this spring. He noted that the funding award from the state also provides confidence that they will be able to secure the funding to move forward. He provided details on the process thus far, working with City staff to ensure the needs and concerns of the City are met to provide a product that best serves the community and neighborhood.

Commissioner Schwankl stated that the HRA is tasked with improving the community and believed that this project which will serve workforce housing and provide affordable housing is exciting.

Mr. LaFave commented that they have enjoyed working with Fridley on their projects thus far and look forward to additional collaboration. He estimated that construction would be completed in 2025.

Motion by Commissioner Brueggemeier to approve HRA Resolution No. 2023-05, Approving TIF Assistance for Roers Companies' Redevelopment of Moon Plaza. Seconded by Commissioner Schwankl.

Upon a voice vote, all voting aye, Chair Showalter declared the motion carried unanimously.

6. Approval of HRA Resolution No. 2023-06, Authorizing Execution and Delivery of a Contract for Private Redevelopment

Commissioner Schwankl asked how the interest rate was determined.

Ms. Green replied that five percent is the current going rate and noted that if the developer's long-term financing comes in lower, that rate would be adjusted.

Motion by Commissioner Brueggemeier to approve HRA Resolution No. 2023-06, Authorizing Execution and Delivery of a Contract for Private Redevelopment. Seconded by Commissioner Schwankl.

Upon a voice vote, all voting aye, Chair Showalter declared the motion carried unanimously.

Informational Items

7. Update on Housing Programs

Mr. Bolin provided an overview of the loan activity between mid-December and mid-January. He noted that CEE did inform him that the senior deferred funds for the year have been committed for the year.

Motion by Commissioner Brueggemeier to adjourn the meeting. Seconded by Commissioner Schwankl.

Background

Hyde Development, has requested the City of Fridley's (City) assistance to obtain a grant through the Minnesota Department of Employment and Economic Development's (MN DEED) "Contamination Cleanup" grant program. Since the 2021 purchase of the 29.5-acre site, Hyde Development has contemplated redeveloping the site. Preliminary environmental investigation identified the need for grant funds to investigate and delineate the extent of contamination on the site.

Hyde Development has a deadline of May 1, 2023 to apply for this grant funding cycle from MN DEED. The Contamination Cleanup program assists with investigations and cleanup in accordance with a Minnesota Pollution Control Agency approved response action plan (RAP). The program provides funding to sites that are the most likely to be redeveloped in the very near future, and its goal is to clean up contamination allowing the site to retain and create new jobs. The proposed development will be known as "Northern Stacks 9" and is expected to be comprised of three industrial buildings totaling 343,300 square feet. Cleanup and redevelopment work would start in the spring of 2025.

Section 24

That the Fridley City Code Chapter 203, Administrative Enforcement of Ordinance Violations, be hereby amended as follows:

Fridley City Code
Chapter 203 Appeals and Administrative Citations ~~Administrative Enforcement of Ordinance Violations~~

203.01 Purpose

This Chapter collates various procedures found throughout the Fridley City Code (Code) regarding citations associated with violations of the Code and appeals of City decisions.

~~The~~ With respect to Code violations, the Fridley City Council (Council) seeks to offer an alternative method of enforcement for City Code (Code)-violations rather than relying solely on the judiciary for such relief. The formal judicial process does not provide an environment to adequately address the unique and sensitive issues that are involved in Code violations, including, but not limited to: neighborhood concerns, livability issues, economic impact, public safety, physical limitations of the offenders, and the stigma and unintended consequences of being charged with or convicted of a misdemeanor offense. In addition, the methodical process of the court system process may not be conducive to dealing with the violations in a prompt and timely manner. To provide more flexibility in addressing Code violations on an individual basis that will be more efficient and effective and to ensure a process for administrative relief before engaging the judicial system, the Council finds that an alternative enforcement process is necessary.

~~In order to provide more flexibility in addressing Code violations on an individual basis that will be more efficient and effective and to ensure a process for administrative relief before engaging the judicial system, the Council finds that an alternative enforcement process is necessary. Therefore, to protect the health, safety and welfare of the citizens of Fridley, the Council intends to create a process for the use and imposition of administrative civil penalties that will provide the public and the City with an effective, alternative method for addressing Code violations.~~

With respect to appeals of City decisions, the Council seeks to streamline the appeals process so that appeals may be heard on an administrative level by a hearing examiner before the appeal needs to be brought to the Council level.

203.02 Definitions

Administrative Citation or Administrative Penalty: A civil fine that is issued in response to a violation of this Code.

Administrative Hearing: A scheduled opportunity for parties to present testimony and question witnesses related to a specific Administrative Citation or appeal.

Administrative Offense: A violation of a provision of this Code.

1. Appeals. The appeal procedures set forth in this Chapter must be followed as specified by reference in the Code and are available to any person directly and adversely affected by the order or decision of, or the imposition of conditions by a City commission, department, officer, or employee when a right of appeal and the appeal procedure set forth in this Chapter is specified in the Code.

203.04 Administrative Hearings

2. Qualifications. The Hearing Examiner will be an individual trained in law; however, it will not be required that the Hearing Examiner be currently licensed to practice law in the State of Minnesota.

3. Duties. The Hearing Examiner will have the following duties:

(a) Schedule hearing dates and hear all appeals;

(b) Take testimony from all interested parties;

(c) Examine all facts, evidence and testimony presented at the hearing;

(a) All Administrative Hearings will take place at the Fridley Civic Campus (7071 University Avenue N.E., Fridley, MN 55432) between 8:00 a.m. and 8:00 p.m. Monday through Friday. The Hearing Examiner may schedule an alternative date and time upon the written consent of all parties subject to the Administrative Hearing.

(b) The Hearing Examiner must provide all parties involved with a written Notice of Hearing at least seven business days prior to the Administrative Hearing.

Within 15 business days after the Administrative Hearing, the Hearing Examiner must provide written findings of fact, conclusions of law and if applicable, issue a timeline to pay any applicable penalties and fees. The decision of the Hearing Examiner will be final unless otherwise stated in an applicable section of the Code.

(g) Judicial review. If authorized by law, an aggrieved party may obtain judicial review of a final decision of the Hearing Examiner in a court of competent jurisdiction within the time limit prescribed by law.

5. Failure to Appear. The failure to attend the Administrative Hearing constitutes a waiver of the petitioner's rights to an Administrative Hearing and an admission of the violation or dismissal of the appeal, whichever may be applicable. The Hearing Examiner may waive this result upon good cause shown. "Good cause" may be determined by the Hearing Examiner and may include: death in the immediate family or documented incapacitating illness of the petitioner, a court order requiring the petitioner to appear for another hearing at the same time, or lack of proper service of the administration citation or notice of the Administrative Citation or Notice of Hearing.

6. Failure to Pay Is Separate Violation. The following are separate violations of the Code, punishable as misdemeanors in accordance with State law:

(a) Unless a notice of appeal has been timely filed, failure to pay the Administrative Penalty within the time required after issuance of an Administrative Citation.

(b) Failure to pay the Administrative Penalty or fine imposed by a Hearing Examiner within 30 days after it was imposed, or such other time as may be established by the Hearing Examiner, unless judicial review has been sought for the matter in accordance with State law.

~~(a)~~ (1) Any penalties and fees for those Administrative Citations issued pursuant to M.S. § 169.999, subd. 1, ~~shall be~~ may not exceed the limits described in M.S. § 169.99, subd. 5.

~~(b)~~ (2) Unless expressly provided otherwise in the Code, each day a violation exists constitutes a separate administrative offense.

~~(c)~~ (3) When an Administrative Citation is issued and served as described in ~~Section 203.03(2) of this Chapter~~, the party receiving service has up to 14 business days to pay the Administrative Citation fee as outlined in ~~Chapter 209~~ the Fees chapter of the Code. If payment is not received, or an Administrative Hearing is not requested within 14 business days of the citation being issued, a late fee will be incurred. 3. ~~—(c)~~ Payment Process.

~~(a)~~ (1) A party who has received an Administrative Citation must, within 14 business days ~~after of the date that~~ the Administrative Citation is issued, pay the amount of any ~~fine~~ Administrative Penalty set forth therein, unless that party has requested an Administrative Hearing as authorized by this Chapter. 4.——(d) Lien. If an Administrative Penalty imposed by an Administrative Citation is not paid within the time specified, it constitutes a personal obligation of the violator and a lien upon the real property upon which the violation occurred, if the property or improvements on the property were the subject of the violation and the property owner was responsible for that violation.

Any persons employed by the City and designated by the City Manager to enforce the Code ~~shall must~~ keep a record of the costs of ~~ordinance violations~~the Code violation and ~~shall must~~ provide detailed reports to the City Manager or their designee regarding all matters related to each violation. In the event the Administrative Penalty is unpaid and it is not possible for the City to place a lien on any real property, the City may list the total unpaid charges for each assessment against each separate lot or parcel to which they are attributable. The Council may then spread the charges or any portion thereof against the property involved as a special assessment under other pertinent statutes, for certification to the County Auditor and collection the following year along with current taxes. Such assessment ~~shall may~~ be payable in a single installment or by up to ten equal annual installments as the City Council may provide, pursuant to M.S. § 429.101.

6.——(f) License and Permit Issuance. Failure to pay an Administrative Penalty ~~shall be~~is grounds for suspending, revoking or not renewing a license or permit related to the violation. During the time that an Administrative Penalty remains unpaid, no City approval will be granted for a license, permit, or other City approval sought by the violator or for property under the violator's ownership or control. For purposes of this restriction, any ~~company~~entity that is owned in whole or in part by the violator ~~shall will~~ also be considered to be subject to these restrictions, regardless of corporate structure.

7.(g) Disposition of Penalties. All penalties collected pursuant to this Chapter ~~shall must~~ be paid to the City Treasurer and deposited in the appropriate fund and with the appropriate parties.

8.(h) Maximum Penalty. ~~As noted in Section 203.05(2)(b), each~~Each day a violation exists is a separate offense. The maximum amount of an Administrative Penalty charged for a single offense, as determined by the City, may not exceed twice the maximum fine authorized by State law for misdemeanor offenses, or the maximum fine authorized by State law for an administrative process.

203.06 Exemption

This ~~section~~ chapter of the Code ~~shall apply~~ applies to all violations of the Code, except for those situations where applicable sections of the Code and/or State law prescribe other procedures or rules.
